Research and evaluation for family and community development

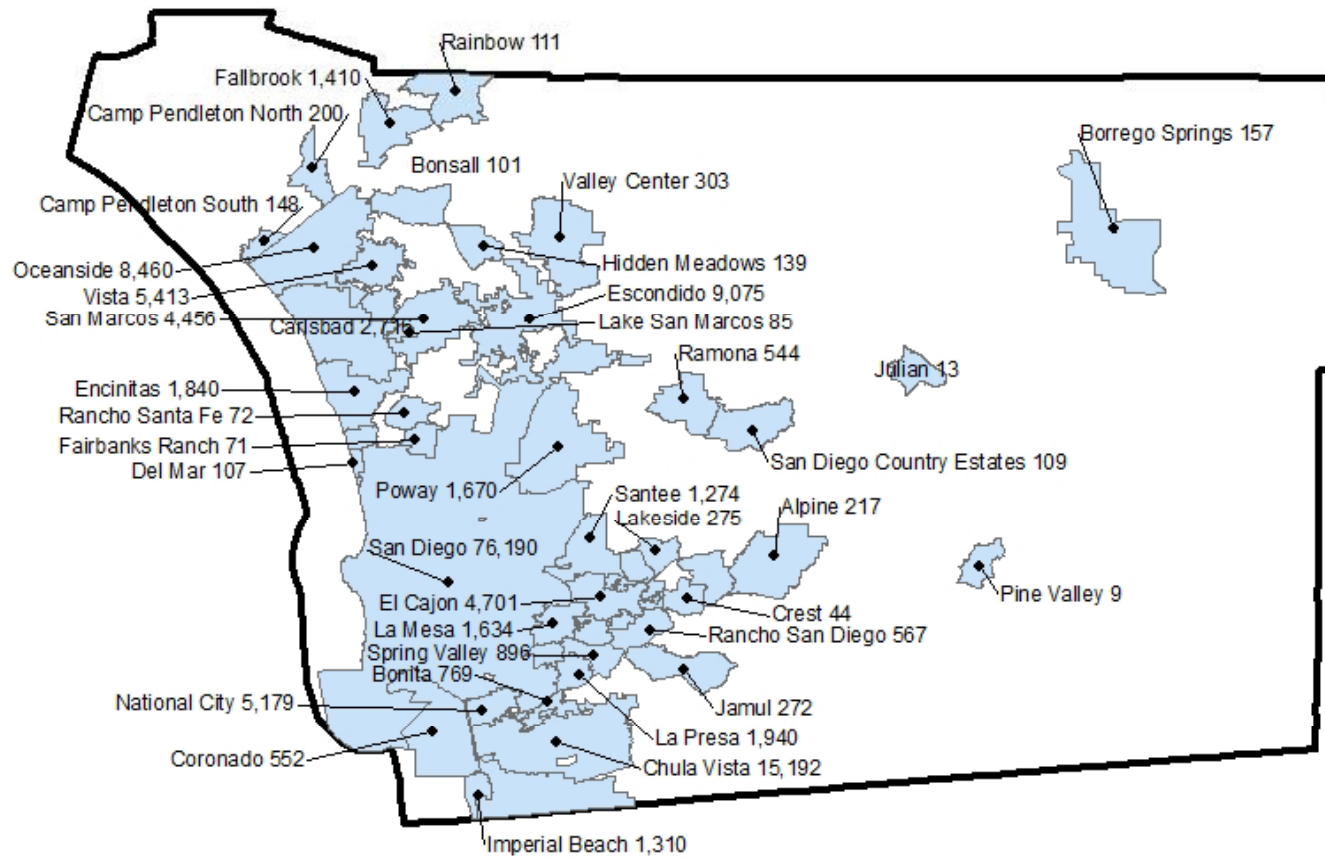

Alameda County

Contra Costa County

San Diego County

How these estimates were prepared:

1. Base estimates of immigrants eligible to naturalize are from [*Integration Potential of California's Immigrants and Their Children*](#), published by [Grantmakers Concerned with Immigrants and Refugees](#)
2. Estimates were updated to 2008 by GCIR staff
3. County totals were distributed by place using total foreign-born populations reported by the American Community Survey for 2005-2008.

Please use these numbers as approximations to guide an overall understanding of residential patterns of immigrants eligible to naturalize.
